

## ***Sample Waiver***

Harp Regulation Waiver  
Tisha Murvihill, Regulator

- I understand that it is impractical for Tisha Murvihill to insure the harps she is working on because of the huge cost of this insurance.
- I understand that my own harp insurance policy might specifically exclude repair work.
- I understand that Tisha Murvihill is not responsible for any damage done to the harp while in her care, except damage caused by gross negligence on the part of Tisha Murvihill.
- Warranty Harps - I understand that Tisha Murvihill has been cleared by Lyon & Healy to do basic regulation and re-felting on Lyon & Healy harps still under warranty pending notification and approval by Lyon & Healy on a case-by-case basis.
- I understand that Tisha Murvihill has not taken any formal training from any harp manufacturer and that her only formal training was a harp repair course at Indiana University.
- I understand that Tisha Murvihill can only do basic regulation and re-felting and repair certain types of buzzes.
